Changes to Data Protection Regulations (GDPR 2018) require the Railway (C&WRPS) to ask you to **opt-in** to our email system by ticking this box:

The Railway will guarantee to keep your email address safe and will use it only for contacting you as a member of the Railway to inform you of events and developments at the railway or local events related to the railway. We will also receive notification of events and booking information, before details are released on our webpages or on Social Media pages. This is particularly advantageous for heavily subscribed events such as Cream Teas, Evening events and Santa Trains.

We will not disclose your email address to third parties.

The Railway relies entirely on volunteers to run it, this involves a very wide range of tasks both on running days and non-running days and no previous experience is needed, just an enthusiasm to participate with colleagues in a wide range of activities. These can range from catering, gardening, decorating as well as those involved in running and maintaining our locos, rolling stock and permanent way. Whatever you chose to be involved with training will be provided. If you would like more details of volunteering at the CWR please tick this box:
